

Follow this easy 3-step process to booking YOUR program at Estero Llano Grande State Park:

- 1 Pick a topic.**
Choose from eight exciting programs or have us design one to fit your needs (please allow at least two weeks' notice for special request programs).
- 2 Pick a date.**
Choose the day and time you would like to visit. Have a few back-up dates as well.
- 3 Call us at (956) 565-3919.**
Dates fill up quickly, so call early to book your program.

Once you have successfully booked your program you will receive a confirmation letter and a pre-field trip packet to help you prepare for your visit.

What about lunch?

School groups are welcome to bring their own lunches and enjoy them on our beautiful deck overlooking the wetlands!

Programs are offered year-round, seven days a week, from 7 a.m. to 10 p.m. with a reservation.

Pricing

Prices per child for the program vary with length and supplies needed. An additional \$2 will be charged per student for restocking of some program supplies. Call for a quote.

Because we recognize the support provided by teachers and chaperones, all adults assisting with a school group will NOT be charged an additional entry fee (fees for snacks and materials will be the responsibility of the individual adult or the school).

Check out our Web site at www.worldbirdingcenter.org or find us on Facebook.

Don't forget the gift shop!

A trip to the park's gift shop can be added to any field trip FREE of charge.

Books, games, binoculars, T-shirts, hats, stuffed animals, snacks and souvenirs of all kinds can be found in our gift shop. Don't forget to have your

students bring their spending money! All purchases in the gift shop support Texas state parks.

Can't leave the classroom? Let us come to you!

We also offer OUTREACH programs that will come to you. Let one of our knowledgeable staff bring the wonderful world of wildlife to your classroom.

FIELD TRIP OPPORTUNITIES

ESTERO LLANO GRANDE STATE PARK

GUIDED TOURS HANDS-ON ACTIVITIES

at the Weslaco wing of the

WORLD BIRDING CENTER

FUN & EDUCATION IN AN OUTDOOR CLASSROOM!

Birding 101

Grade Level: 4-12
Duration: 3-4 hours
Maximum number of students per day: 120

The amazing diversity of birds in the Rio Grande Valley attracts visitors from all over the world. Let us teach your students why South Texas is special as we introduce them to the world of birding. Students will be guided in activities such as learning to use binoculars, scopes and field guides, playing bird games, learning bird calls and collecting bird data. Your students could even have a chance to dissect a real owl pellet. Your young adventurers will use the skills and knowledge they gain on guided bird walks, birding competitions or bird surveys during the trip. The time they spend is sure to be a "hoot."

Wetland Wildlife

Grade Level: PreK-4
Duration: 3-4 hours
Maximum number of students per day: 120

Our wetlands are home to some of the most amazing creatures found in the Rio Grande Valley. The Wetland Wildlife program will introduce your students to the diversity of abundant life found in our park's wetland environment. With so many birds, mammals, reptiles, amphibians and insects living in the park, your students will be able to watch and learn how wildlife coexists in nature. They will be guided through activities on life cycles, food chains and animal identification. Their knowledge will be reinforced on a guided hike through wetlands in search of the incredible creatures that call our park home.

Incredible Insects

Grade Level: K-12
Duration: 3-4 hours
Maximum number of students per day: 120

Dragonflies, beetles and bees – oh my! Enter the exciting world of entomology as students learn about the role of insects in our ecosystem. Get up-close and personal with living and preserved insects that can be found around the park. Learn about insect lifecycles, classification, adaptations, food and much more. Arts and crafts will help the kids understand the complex structures and patterns that help these creatures survive. By the end of the day your students will be "bugging" you for another park adventure.

T.A.K.S. Review Workshop

Only Science Testing Grades
Duration: 4-6 hours
Maximum number of students per day: 100

Preparing your students for T.A.K.S. testing can be a difficult and overwhelming task. With the help of our knowledgeable staff and volunteers, we can help your students review and gain a greater understanding as they prepare for upcoming science tests. Leave books behind as science stations throughout the park provide your students up-close observation and hands-on learning experiences. A pre-trip meeting will help us decide the specific TEKS objectives that your students need to improve.

Birding with Fledglings

Grade Level: PreK-3
Duration: 3-4 hours
Maximum number of students per day: 120

Birds are amazing to people of all ages. Living in the Rio Grande Valley, it is only natural for your students' attention to turn to our amazing feathered friends. Let us teach them birding basics with activities that allow students to use their senses when exploring the world of birds. Feeling feathers, observing astounding colors, and listening to the wondrous sounds are a few of the memorable first-time experiences that can connect children to nature. After they make homemade binoculars, we will venture out on their first guided bird walk adventure.

Wetland Investigations

Grade Level: 5-12
Duration: 3-4 hours
Maximum number of students per day: 120

Students will learn the importance of clean, healthy water as they investigate the physical and chemical health of our park's wetlands. Your class will experience hands-on learning by using tools to collect important data. Your students will then use this data to assess the quality of our wetlands. We will look at some of the largest and smallest organisms living in the wetlands and study the effects of pollution. Your students will be transformed into "wetland scientists" for the day.

Amazing Adaptations

Grade Level: K-12
Duration: 3-4 hours
Maximum number of students per day: 120

Join us as we explore the amazing world of bird adaptations. From beaks to feet and everything in between, together we will look at how birds have adapted to survive. Hands-on activities and demonstrations will help teach the purpose of bird adaptations. After studying how and why adaptations have developed, we will reinforce your students' new knowledge on a nature walk. The students will then be able to identify adaptations of the birds we discover. This adventure is sure to be a life-changing experience.

Valley Nature Center Split Group

Grade Level: K-12
Duration: 4-5 hours
Maximum number of students per day: 200

With the help of our long-time partners at the Valley Nature Center we have created the largest field trip opportunity yet! With this amazing opportunity you will get a chance to explore two of the best nature parks the Rio Grande Valley has to offer. With a knowledge hunt, a walk to Alligator Lake, live animal presentations, nature-based crafts, puppet shows or animal games and activities, your group will have an amazing time. The group will be split; half of your group will visit one of the sites while the other half of your group visits the other site. They will eat lunch at their first site, and then each will travel to their next destination (only 5 miles away). This is a one-of-a-kind opportunity to broaden your students' minds and experiences.
